The board of Hastings undertakes appropriate checks prior to appointing a person, or putting a person forward to shareholders as a candidate for election as a director. These include checks as to the person's character, experience, education, criminal record and bankruptcy history.

Information about a candidate standing for election or re-election as a director will be provided to shareholders to enable them to make an informed decision on whether or not to elect or re-elect the candidate. This information may include:

- biographical details, including relevant qualifications, experience and skills;
- details of other material directorships;

- any material adverse information or potential conflicts of interest, position or association;
- the term of office currently served (for directors standing for re-election); and
- a statement whether the board supports the election or re-election of the candidate.

1.3 A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

The Company has, as yet, no established policy in relation to gender diversity. The company has a board of four and six full time employees and as a consequence the opportunity for creating a meaningful gender diversity policy is limited. The Company will disclose at the end of each reporting period the respective proportions of men and women on the board and in senior executive positions. Currently Company personnel comprise the board which has four members and six employees, one of them a woman.

LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

1.6 *A listed entity should:*

- a) *have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and*
- b) *disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.*

The Board undertakes an annual performance evaluation of itself that:

- compares the performance of the Board with the requirements of its Charter; and
- effects any improvements to the Board Charter deemed necessary or desirable.

The Hastings board has four board members, who are in regular contact with each other as they deal with matters relating to Hastings' business. The board uses a personal evaluation process to review the performance of directors, and at appropriate times the Chairman takes the opportunity to discuss Board performance with individual directors and to give them his own personal assessment. The Chairman also welcomes advice from Directors relating to his own personal performance. The Remuneration Committee determines whether any external advice or training is required. The Board believes that this approach is appropriate for a company of the size of Hastings.

1.7 *A listed entity should:*

- a) *have and disclose a process for periodically evaluating the performance of its senior executives; and*
- b) *disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.*

The performance of all senior executives and appointees is reviewed at least once a year. The Company currently operates with an Executive Chairman and does not have a Chief Executive Officer. The performance of the Chief Operating Officer (COO) is reviewed by the Remuneration and Nominations Committee and the COO in turn reviews the performance of other executives. Senior executives are assessed against personal and Company Key Performance Indicators established from time to time as appropriate for Hastings.

The Hastings Corporate Governance Charter is available on the Hastings web site, and includes sections that provide a board charter. The Hastings board reviews its charter when it considers changes are required.

New directors are selected after consultation of all board members and their appointment voted on by the board. The number of times the committee meets is disclosed in the annual report.

- 2.2 *A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its memberships.*

 (c) *the length of service of each director.*

Mr Jean Claude Steinmetz, non-executive director, is considered to be independent, and has served as a director since 25 July 2016.

2.4 *A majority of the board of a listed entity should be independent directors.*

A majority of the Board being Mr Ho, Mr Mason and Mr Steinmetz are considered to be independent directors.

2.5 *The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.*

2.6 *A listed entity should have a program for inducting new directors and provide appropriate professional development opportunities for directors to develop and maintain the skills and knowledge needed to perform their role as directors effectively.*

Hastings has a program for induction of new directors. Directors are active in undertaking professional development opportunities for the purpose of development and maintenance of their skills. The Company is dedicated to delivering outstanding performance for investors and employees. In achieving this objective, Directors, officers and employees are expected to act with honesty, integrity and responsibility and maintain a strong sense of corporate and social responsibility. CORPORATE GOVERNANCE STATEMENT (continued)

- (5) *in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or*
- (b) *if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.*

The Audit committee is comprised of three directors Mr Anthony Ho (Audit Committee Chairman), Mr Charles Lew and Mr Jean Claude Steinmetz (appointed 22 September 2016). Mr Ho and Mr Steinmetz are independent directors.

The company has adopted an Audit Committee charter. It is publicly available on the Hastings website.

The Audit Committee met twice during the course of the year. Mr Anthony Ho is a chartered accountant with substantial public company experience as a director and chair of audit committees. Mr Charles Lew has over 30 years' experience as an investment banker with appropriate qualifications in finance and accounting.

The Audit Committee provides a forum for the effective communication between the board and external auditors. The committee reviews:

- The annual and half-year financial reports and accounts prior to their approval by the board;
- The effectiveness of management information systems and systems of internal control; and
- The efficiency and effectiveness of the external audit functions.

The committee meets with and receives regular reports from the external auditors concerning any matters that arise in connection with the performance of their role, including the adequacy of internal controls.

The Audit Committee also reviews the Hastings Corporate Governance and Risk Management processes to ensure that they are effective for a listed public company that currently has a small market capitalisation.

SAFEGUARD INTEGRITY IN FINANCIAL REPORTING

- 4.2 *The board of a listed entity should, before it approves the entity's financial statements for a financial period, received from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.*

Declarations regarding the financial statements are received from the Chairman and CFO. The board received such declarations for the half year and annual reports for 2016.

- 4.3 *A listed entity that has an AGM should ensure that its external auditor attends its AGM and is available to answer questions from security holders relevant to the audit.*

The Company's Shareholder Communication Policy, which is available on the Governance page of its website, summarises the Company's communication program, including regular reporting, email alerts, active participation at the Company's AGM and encouragement of shareholder communications.

6.3 A listed entity should disclose the policies and processes it has in place to facilitate and encourage participation at meetings of security holders.

Notices of the Annual General Meeting, together with accompanying information such as the explanatory memorandum, are sent to shareholders, either by mail or email, depending on the shareholder's election, and are also placed on the Company's website. Shareholders are encouraged to attend the Annual General Meeting and to ask questions.

RESPECT THE RIGHTS OF SECURITY HOLDERS

7. RECOGNISE AND MANAGE RISK

7.1 The board of a listed entity should:

(a) have a risk committee to oversee risk which:

- (1) has at least three members, a majority of who are independent directors; and*
- (2) is chaired by an independent director;*

and disclose

-

CORPORATE GOVERNANCE STATEMENT (continued)

- (4) *the members of the committee; and*
- (5) *as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings;*

or

- (b) *if it does not have a risk committee, disclose that fact and the processes it employs for overseeing the entity's risk management framework.*

The board has determined that while it is comprised of only four members the board as a whole will perform the tasks and functions generally assumed by a risk committee.

The Company has established policies for the oversight and management of material business risks. The Company's Risk Management Policy is available on the Governance page of its website: www.hastingstechmetals.com. This document sets out the Company's policy and processes for risk management and the roles and responsibilities of the board, executives and employees.

Hastings' has incorporated risk management into its decision making and business planning processes so that risks are identified, analysed, ranked and appropriate risk controls and risk management plans are put into place to manage and reduce the identified risks, with all identified risks entered into a Risk Register.

The risk identification and management system, including the Risk Register, is reviewed annually by senior management and the board and policies and practices upgraded where issues are identified that require attention. Reviews of specific items are undertaken by senior management where issues are identified and immediate action is required.

Risk is a standing item on the agenda of board meetings, for reporting against identified material business risks.

7.2 *The board or a committee of the board should:*

- (a) *review the entity's risk management framework at least annually to satisfy itself that it continues to be sound; and*
- (b) *disclose in relation to each reporting period, whether such a review has taken place.*

RECOGNISE AND MANAGE RISK

Hastings' risk policy and risk register is reviewed by the Board of Directors annually to coincide with the preparation and lodgement of the Company's Annual Report. A review was undertaken in the financial year ending 30 June 2016.

7.3 *A listed entity should disclose:*

- (a) *If it has an internal audit function, how the function is structured and what role it performs; or*
- (b) *if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its risk management and internal control processes.*

The board has determined that, consistent with the size of the Company and its activities, an internal audit function is not currently appropriate. As noted regarding recommendations 7.1 and 7.2 above and regarding Principle 4 above, the board has adopted a Risk Management Policy and processes appropriate to the size of Hastings to manage the company's material business risks and to ensure regular reporting to the board on whether those risks are being managed effectively in accordance with the controls that are in place.

CORPORATE GOVERNANCE STATEMENT (continued)

7.4 *A listed entity should disclose whether it has any material exposure to economic, environmental and social sustainability risks and if it does, how it manages or intends to manage those risks.*

The Group has developed a series of operational risks which the Group believes to be reflective of the industry and geographical locations in which the Group operates. These risk areas are provided here to assist investors to have an understanding of risks faced by the Group and the industry in which we operate. The key risks are, and not limited to:

- fluctuations in commodity prices and exchange rates;
- success or otherwise of exploration activities;
- reliance on licenses, permits and approvals from governmental and land owners authorities;
- loss of key management;
- ability to obtain additional financing; and
- changed operating, market or regulatory environments.

The board has reviewed the Company's exposure to economic, environmental and social sustainability risks and determined that, given the nature of its activities and the fact that the Company is reliant on raising funds for continued activities from shareholders or other investors, this represents a material economic risk. The Company's financial position is monitored on a regular basis and processes put into place to ensure that fund raising activities will be conducted in a timely manner to ensure the Company has sufficient funds to conduct its activities.

8. REMUNERATE FAIRLY AND RESPONSIBLY

8.1 *The board of a listed entity should:*

(a) *have a remuneration committee which:*

- (1) *has at least three members, a majority of whom are independent directors; and*
- (2) *is chaired by an independent director,*

and disclose

- (3) *the charter of the committee*
- (4) *The members of the committee; and*
- (5) *As at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings,*

; or

(b) *if it does not have a remuneration committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and not excessive.*

Hastings has a remuneration committee. The committee comprises Mr Anthony Ho (Committee Chairman) and Mr Malcolm Mason.

Hastings considers that the structure of its Remuneration Committee is appropriate for a company with a small market capitalisation. The Remuneration Committee is chaired by the independent director, Mr Anthony Ho.

Given the limited number of personnel the Company does not have a charter and determines on a case by case basis, the terms and conditions of employment of company executives and consultants, including remuneration. Senior executives' remuneration packages are reviewed by reference to Hastings' performance, the executive director's or senior executive's performance, as well as comparable information from industry sectors and other listed companies in similar industries, which is obtained from external remuneration sources. This ensures that base remuneration is set to reflect the market for a comparable role.

CORPORATE GOVERNANCE STATEMENT (continued)

8.2 *A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.*

The remuneration details of non-executive directors, executive directors and senior management are set out in the Remuneration Report that forms part of the Directors' report.

The performance of the executive director and senior executives is measured against criteria agreed annually and bonuses and incentives are linked to predetermined performance criteria and may, with shareholder approval, include the issue of shares and / or options.

There are no schemes for retirement benefits, other than statutory superannuation for non-executive directors.

8.3 *A listed entity which has an equity-based remuneration scheme should:*

8.3.1 *have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and*

8.3.2 *disclose that policy or a summary of it.*

The Company's Security Trading Policy, a copy of which is available on the Governance page of the Company's website www.hastingstechmetals.com, sets out restrictions on participation by staff in hedging arrangements over the Company's securities issued pursuant to any share scheme, performance right's plan or option plan. In particular:

- Staff are prohibited from hedging arrangements over unvested securities; and
- Vested securities may only be hedged once they are exercised into shareholdings and only under the following conditions:
 - the details of the hedge are fully disclosed to the Chair and the Company Secretary (and to ASX and in the Annual Report, as appropriate);
 - the hedge transaction is treated as a dealing in securities and the restrictions and requirements of the Securities Trading Policy are satisfied; and
 - all holding locks have been removed from the relevant securities.
