

Project Overview	<p>The Yangibana Rare Earths Project (the Project) is situated is situated approximately 420km east-northeast of Carnarvon by road (270km direct) on Wanna Station in the Gascoyne region of Western Australia. The Project involves mining of rare earth oxide ore and storing waste rock in adjacent waste rock landforms.</p> <p>Approximately 1Mtpa of ore will undergo processing to produce a mixed rare earth concentrate product (13-15,000tpa). Two streams of tailings material will be generated from a beneficiation process and a hydrometallurgy process and stored in two Tailings Storage Facilities. The product will be transported via truck to port for export to overseas customers.</p> <p>In addition to the process plant, other infrastructure required for the project includes energy supply infrastructure, water supply infrastructure roads, accommodation, aerodrome, administration buildings, workshops and carparks.</p>
Package Title	Water Borefield Headworks and Pipeline
Package Number	P6202
Package Description	To design, supply, install and commission a water gathering, headworks and pipeline system from the Water Borefield to the Process Plant.
Applicable Standards	<p>Applicable standards include, but are not limited to:</p> <ul style="list-style-type: none"> • AS/NZ 4130 PE pipes • AS2033 Installation of PE pipes • AS4871 Electrical equipment for mines • DWER Guidelines for water meter installation 2009 • Rights in Water and Irrigation (Approved Meters) Order 2009
EOI Closing Date	31 March 2020
Target Award Date	Q2 2020
Form of Expression of Interest	<p>Yangibana Rare Earths Project invites expressions of interest (EOI) from experienced Contractors with the demonstrated capability that shall ensure safe and commercially competitive delivery for this package.</p> <p>Contractors will only be considered for Prequalification to Tender if deemed suitably qualified by the Project.</p>

	<p>Respondents should provide the following information when submitting an Expression of Interest for this package:</p> <ul style="list-style-type: none"> • details of Work / Services of a similar nature to this package and the clients that the Contractor has delivered them to in the last 5 years including a contact person for each such client; • details of the Contractor's Health & Safety system, including: <ul style="list-style-type: none"> ○ a sample health & system management plan for a similar project; ○ health and safety statistics for the last 5 years, including: <table border="1" data-bbox="571 595 1382 990"> <thead> <tr> <th colspan="2" style="text-align: left;">Lag Key Performance Indicator</th> </tr> </thead> <tbody> <tr> <td>Lost Time Injury Frequency Rate (LTIFR) 12 Month Rolling Average</td> <td style="text-align: center;"><0.2</td> </tr> <tr> <td>Total Recordable Injury Frequency Rate (TRIFR) 12 Month Rolling Average</td> <td style="text-align: center;"><1.0</td> </tr> <tr> <td>Serious Potential Incident Frequency Rate (SPIFR)</td> <td style="text-align: center;"><1.0</td> </tr> <tr> <td>Severity Rate</td> <td style="text-align: center;"><5 days</td> </tr> <tr> <td>Environmental Incidents</td> <td style="text-align: center;">0</td> </tr> </tbody> </table> ○ Overview of health & safety initiatives/programs implemented that have resulted in improvement in Contractor's health & safety performance ○ details of the Contractor's WHS Accreditation, or progress towards accreditation, if any. ○ details of the Contractor's Environmental Management system, including a sample environmental management plan for a similar project. • details of the Contractor's Industrial Relations Management system and the make up of the Contractor's workforce. 	Lag Key Performance Indicator		Lost Time Injury Frequency Rate (LTIFR) 12 Month Rolling Average	<0.2	Total Recordable Injury Frequency Rate (TRIFR) 12 Month Rolling Average	<1.0	Serious Potential Incident Frequency Rate (SPIFR)	<1.0	Severity Rate	<5 days	Environmental Incidents	0
Lag Key Performance Indicator													
Lost Time Injury Frequency Rate (LTIFR) 12 Month Rolling Average	<0.2												
Total Recordable Injury Frequency Rate (TRIFR) 12 Month Rolling Average	<1.0												
Serious Potential Incident Frequency Rate (SPIFR)	<1.0												
Severity Rate	<5 days												
Environmental Incidents	0												
WHS Accreditation	<p>As the Project may receive funding from the Australian Government, Contractors engaged in delivering works for the Project will preferably be accredited under the Work Health and Safety Accreditation Scheme administered by the Office of the Federal Safety Commissioner.</p> <p>Further information on the Scheme and accreditation can be found on the website of the Office of the Federal Safety Commissioner: http://www.fsc.gov.au/sites/fsc.</p>												
Contact Details	<p>All correspondence relating to expressions of interest for this package must be submitted by email to contracts@hastingstechmetals.com and reference the Package Number and Package Title (as shown above in this document).</p>												
Disclaimer	<p>The content of this request for expression of interest is indicative only and subject to change as a consequence of the continuing development of the Project.</p> <p>All submissions made in relation to this request for expressions of interest will be considered on their merits and should they satisfy Hastings' requirements for the package and the project, the respondent will be invited to submit a formal response to an Invitation to Tender.</p>
