

<b>Project Overview</b>	<p>The Yangibana Rare Earths Project (the Project) is situated is situated approximately 420km east-northeast of Carnarvon by road (270km direct) on Wanna Station in the Gascoyne region of Western Australia. The Project involves mining of rare earth oxide ore and storing waste rock in adjacent waste rock landforms.</p> <p>Approximately 1Mtpa of ore will undergo processing to produce a mixed rare earth concentrate product (13-15,000tpa). Two streams of tailings material will be generated from a beneficiation process and a hydrometallurgy process and stored in two Tailings Storage Facilities. The product will be transported via truck to port for export to overseas customers.</p> <p>In addition to the process plant, other infrastructure required for the project includes energy supply infrastructure, water supply infrastructure roads, accommodation, aerodrome, administration buildings, workshops and carparks.</p>
<b>Package Title</b>	Process Control System
<b>Package Number</b>	P7277
<b>Package Description</b>	<p>Supply and installation of process control system (PCS) hardware, including:</p> <ul style="list-style-type: none"> <li>• Programmable logic controllers and input/output cards;</li> <li>• Network switches and associated hardware;</li> <li>• Server and PCs for use in the PCS; and</li> <li>• PCS software licensing.</li> </ul>
<b>Applicable Standards</b>	<p>Applicable standards include, but are not limited to:</p> <ul style="list-style-type: none"> <li>• AS/NZS 3000</li> <li>• AS 4024</li> <li>• AS IEC 61131</li> </ul>
<b>EOI Closing Date</b>	31 July 2020
<b>Target Award Date</b>	Q1 2021
<b>Form of Expression of Interest</b>	<p>Yangibana Rare Earths Project invites expressions of interest (EOI) from experienced Suppliers with the demonstrated capability that shall ensure safe and commercially competitive delivery for this package.</p> <p>Suppliers will only be considered for prequalification to Tender if deemed suitably qualified by the Project.</p> <p>Suppliers should provide the following information when submitting an Expression of Interest for this package:</p> <ul style="list-style-type: none"> <li>• details of products of a similar nature to this package and the clients that the Supplier has provided them to in the last 5 years, including a contact person for each such client; and,</li> <li>• details of the Supplier's Quality System.</li> </ul>

<b>Contact Details</b>	All correspondence relating to expressions of interest for this package must be submitted by email to <a href="mailto:contracts@hastingstechmetals.com">contracts@hastingstechmetals.com</a> and reference the Package Number and Package Title (as shown above in this document).
<b>Disclaimer</b>	<p>The content of this request for expression of interest is indicative only and subject to change as a consequence of the continuing development of the Project.</p> <p>All submissions made in relation to this request for expressions of interest will be considered on their merits and should they satisfy Hastings' requirements for the package and the project, the respondent will be invited to submit a formal response to an Invitation to Tender.</p>
